

# **Best Practice-1**

## **Fee Concessions to some Socially and Economically Deprived Students**

### **The Context**

Admission in the college is through Common. Entrance Examination at the State Level ie (JEE B.Ed CET). Many seats are filled in which students apply for scholarship scheme of the state Government. Some students are unable to avail this facility due to some reasons. Therefore, the college gives some financial assistance to such students.

### **Objective of the Practice**

- ❖ To provide financial assistance for the needy students.
- ❖ To make timely disbursements of aid to needy students.
- ❖ To identify students who actually need this support students.

### **The Practice**

It is to provide financial assistance to those students who are socially and economically deprived and are unable to pay the full amount of tuition fees to the college. Such students are identified by the faculty members. After, which another team of members check and recheck whether such student actually need some financial support or not. Then, certain amount is timely disbursed to the student.

### **Obstacles faced if any and strategies adopted to overcome them**

Students who can financial pay also want to come in this category.

### **Impact of Practice**

- ❖ Students become emotionally stable.
- ❖ They are able to concentrate properly in this studies.
- ❖ Encourages student to give better result.

### **Resources required**

- ❖ Permission from management.
- ❖ Letter to Accounts Department.

## **Best Practice-2**

### **Sensitization and Inculcation of Social and Civic Duties**

#### **The context**

College has the pleasure of organizing various social and civic events. Apart from doing routine academic activities many curricular, co-curricular and extra activities are organized in co-ordination with social agencies. This adds on the qualitative change among the students along with their curricular knowledge gained within the four walls of the institution. College always tries to sensitize the students about their role and duties in the society by organizing different social activities.

#### **The objectives**

- ❖ To inculcate social values among students.
- ❖ To sensitize student teachers about their social role and responsibility apart from their role as student in the institution.
- ❖ To inculcate the value of co-operation and participation in different social activities..
- ❖ To develop the value of love for humanity..
- ❖ Inherent problems of the students are resolved.

#### **The practice**

The mission of sensitization and inculcation of social and civic duties among students in the college is uppermost in our mind. With the co-operation of staff members the college organized different activities as mentioned below with the collaboration of social agencies:

- ❖ Literacy Awareness Rally.
- ❖ Role of teacher in moulding social outlook of students..
- ❖ Celebration of National Voters Day.
- ❖ Talking part in Blood Donation Camp..
- ❖ Creating Awareness on importance of Girl Child..
- ❖ Plantation Drive..
- ❖ Slogan Competition on Literacy Awareness.

#### **Obstacles faced if any strategies adopted to overcome them**

- ❖ Too many such programs cannot be added in the academic calendar.
- ❖ Some programs are in far out-reach areas.

**Impact of the Practice**

- ❖ Students start understanding the problems and short comings in the society.
- ❖ They learn how they can engage themselves and help in the society.
- ❖ They learn social values.
- ❖ They start actively participating in such event.

**Resources required**

- ❖ Collaborations with various agencies.
